

EXECUTIVE SUMMARY & CORPORATE PROFILE

A trusted link between production, markets, and delivery.

USQUARE sources, aggregates, and supplies quality agricultural commodities and farm inputs for domestic buyers and international markets. We connect farm gates, producer networks, processors, and commercial buyers through clear requirements, disciplined quality control, and coordinated movement.

USQUARE GENERAL ENTERPRISE LIMITED is a Nigerian-registered agricultural sourcing, supply-chain, and export-facilitation company incorporated as a Private Company Limited by Shares (RC 9144380). Headquartered in Abuja, Nigeria, the company combines local origin knowledge with practical commercial coordination to make agricultural supply more dependable from source to handover.

Strategic vision

To grow USQUARE into a trusted agro-commodity sourcing and export company across Africa, delivering high-quality agricultural materials while creating durable value for farming communities.

Strategic mission

To connect regional agricultural producers with domestic and international buyers through dependable quality control, transparent communication, and efficient logistics.

CORE ORGANIZATIONAL ANCHORS

Integrity

Transparent commercial communication and contract honouring.

Reliability

Disciplined planning around agreed supply timelines.

Quality

Requirements-led checks against contract parameters.

Professionalism

Clear documentation and careful execution.

Sustainability

Fair, long-term engagement with producer networks.

Traceability

Lot, storage, dispatch, and delivery visibility.

COMMODITY PORTFOLIO

Export-ready commodities, supplied to a clear contract.

USQUARE prepares agricultural commodities around buyer requirements for product condition, packaging, inspection, shipment, and destination. Final availability, volume, and specification are confirmed per contract.

Commodity	Indicative quality parameters	Supply terms
Soya Beans	Clean, sound beans; moisture and foreign matter to buyer specification; packaging agreed per order.	Domestic bulk and export supply
Premium Sesame Seeds	Purity, moisture, admixture, and oil-content requirements agreed with the buyer.	FOB Lagos / CIF global ports
Split & Whole Ginger	Well-dried ginger; moisture, extraneous matter, and condition checked against contract requirements.	FOB Lagos / CIF global ports
Dried Hibiscus Flower	Clean-sifted whole calyx; colour, moisture, and admixture parameters set per contract.	FOB Lagos / CIF global ports
Raw Groundnuts	Count, moisture, and aflatoxin-screening requirements confirmed before dispatch.	Containerized maritime freight

QUALITY CONTROL & PRE-SHIPMENT COORDINATION

Aggregated lots are conditioned and checked against agreed commercial parameters such as moisture, purity, infestation, packaging, and safety requirements. Independent inspection can be coordinated through recognized inspection agencies when requested by the buyer.

Domestic market aggregation

Producer and origin networks are consolidated into dependable commercial lots for processors, institutions, and regional buyers.

International export facilitation

Buyer-led sourcing, conditioning, inspection coordination, documentation, inland movement, and port handover are managed against agreed terms.

AGRO-INPUTS, MACHINERY & MOVEMENT

Practical inputs and accountable supply-chain support.

Alongside commodity sourcing, USQUARE supports agricultural production through local agro-input supply, machinery coordination, and the logistics systems that keep products protected and moving.

Quality seeds

Crop-appropriate cereal, vegetable, and legume seed options for farmers, cooperatives, and organized production programmes.

Fertilizers & plant nutrition

Compound and straight fertilizers, soil amendments, and plant-nutrition inputs supplied against crop, soil, volume, and delivery requirements.

Pesticides, herbicides & crop protection

Herbicides, pesticides, insecticides, fungicides, seed treatments, and responsible application equipment supplied through local channels.

Tractors & farm machinery

Tractors, implements, planters, tillers, shellers, irrigation, and small processing equipment for preparation, production, and harvest support.

WAREHOUSING, LOGISTICS DATA & DELIVERY

Warehousing

Secure holding, lot separation, stock checks, loading readiness, and product-condition oversight.

Logistics data

Clear records for quantities, dispatches, destinations, loading dates, delivery milestones, and handover status.

Inland delivery

Coordinated haulage from supplier, farm cluster, or warehouse to processor, buyer, or export handover point.

OPERATING SEQUENCE

Buyer brief

Origin mapping

Condition & verify

Aggregate & secure

Document & move

USQUARE GENERAL ENTERPRISE LIMITED

Building Value, Connecting Markets | Agricultural Supply & Logistics

CORPORATE CREDENTIALS & CONTACT

Built for clear commercial engagement.

USQUARE works from a straightforward principle: every supply chain should be explainable at every stage, from an enquiry and requirement brief to dispatch and final handover.
